1. Home Page

01

Hero Section

Full-screen Hero_section.mp4 with transparent premium navbar, MUZIRIS / CITY AT SEA title, concise positioning statement, Explore the City CTA and optional Discover the Vision CTA.

02

Project Highlights

A compact white or Ice Blue statistics band presenting verified headline figures such as residences, decks, safety capacity, global voyage and sustainable-design positioning.

03

Introducing Muziris

Large cinematic ship visual and a short explanation of Muziris as a next-generation floating smart city built around living, working, business, leisure and global mobility.

04

Live. Work. Explore. Belong.

Four large visual cards. Live: residences and community. Work: business and innovation. Explore: global voyage and experiences. Belong: family, education, healthcare and community.

05

Life at Sea Preview

Image-led introduction to luxury living, dining, shopping, entertainment, wellness, healthcare, education and family life.

06

Explore the City

Visual overview of residential, commercial, healthcare, education, retail, entertainment, hospitality, parks and transport zones.

07

Interactive Deck Preview

Side-profile or general-arrangement view with selectable featured decks, including Deck 04, 26, 27, 28 and 29, plus Explore All Decks CTA.

08

Technology at Sea

Preview AI smart-city management, IoT, digital twin, smart security, autonomous mobility, aviation/eVTOL and connected infrastructure.

09

Sustainable by Design

Renewable-energy ambitions, water recycling, green spaces, responsible resource use and environmental design strategy.

10

Continuous Global Voyage

Map-led section explaining the concept of a floating city travelling between global destinations.

11

Investment Opportunity

High-level introduction to the commercial ecosystem, development scale and investor opportunity with a restrained investor CTA.

12

Final Cinematic CTA

Full-bleed ship/ocean visual with Discover the Future at Sea and CTAs to Explore Muziris or submit an investment enquiry.

2. About Page

01

About Hero

Cinematic hero with the message Building a New Way of Life at Sea.

02

The Vision

Explain the purpose of Muziris and the long-term floating-city vision.

03

Why Floating Cities?

Introduce coastal urbanization, global connectivity, sustainable urban expansion and new economic possibilities.

04

More Than a Ship

Explain the difference between a cruise vessel and a multifunctional floating urban ecosystem.

05

Floating City Limited

Company introduction, UK presence and role in developing the Muziris concept.

06

Our Journey

Visual timeline from early concept and company formation through Muziris development, current design stage and future milestones.

07

Design Philosophy

People, sustainability, technology, safety, mobility and quality of life as the project's core design principles.

08

Project Team & Collaboration

Introduce project leadership, marine design/project-management partners and future strategic collaborations.

09

Our Future

Development roadmap and long-term direction.

10

Explore the City CTA

Close with a strong transition into the city experience.

3. The City Page

01
City Hero
A City Without Borders - large-scale ship/city visual.

02
Muziris at a Glance
Present only verified project specifications and major city statistics.

03
Scale of the City
Use visual comparisons and diagrams to communicate the proposed scale.

04
General Arrangement
Large interactive general-arrangement drawing or simplified city map.

05
City Zones
Residential, healthcare, education, retail, business, entertainment, hospitality and green/recreation zones.

06
Residential City
Overview of accommodation, residence classes and community living.

07
Commercial City
Offices, business centres, banking, retail and trade infrastructure.

08
Social Infrastructure
Healthcare, education, prayer spaces, community services and public facilities.

09
Mobility & Connectivity
Internal movement, marine transport, aviation/eVTOL and shore connectivity.

10
Public Spaces & Nature
Parks, promenades, open-air dining, pools and recreation.

11
Global Voyage
Explain how a travelling city differs from a fixed urban environment.

12
Explore the Decks CTA
Transition into the interactive Deck Explorer.

4. Life at Sea Page

01
Lifestyle Hero
Every Day. A Different Horizon.

02
A Day Aboard Muziris
Story-led morning, afternoon, evening and night experience.

03
Luxury Residences
Overview of the accommodation ecosystem and residential experience.

04
7-Star Experience
Premium suites/cabins, balconies, service and ocean views.

05
Dining at Sea
Restaurants, cafes, bars, lounges and open-air dining.

06
Shopping
Duty-Free at Sea and premium retail experience.

07
Entertainment
Theatres, clubs, live shows, events and leisure.

08
Wellness & Fitness
Spa, sauna, fitness, yoga and wellness experiences.

09
Healthcare
Preview the onboard hospital and medical ecosystem.

10
Family & Kids
Family-oriented recreation and kids facilities.

11
Education
Educational institutes and lifelong-learning facilities.

12
Parks & Outdoor Living
Nature parks, pools and open-air environments.

13
Community
Present the vision of a multicultural global community.

5. Decks Page

01

Deck Explorer Hero

Introduce the ship as a vertical city with many specialized levels.

02

Interactive Ship / Deck Map

Primary signature interaction: select a deck to reveal facilities, areas, imagery and links.

03

Deck 04

Healthcare, retail and entertainment: Super Specialty Hospital, Multi-Specialty Hospital, Duty-Free, casino, theatre, bar and nightclub.

04

Accommodation Decks

3-Star, 5-Star, 7-Star and balcony accommodation overview.

05

Deck 26

Wellness, fitness and family life: spa, kids play, sports, yoga, health centre, martial arts and party hall.

06

Deck 27

Premium entertainment: casino and club, spa and sauna, party hall and Ovation Theatre.

07

Deck 28

Nature, learning and lifestyle: park, supermarket, shops, education, aircraft storage, restaurants, bar, theatre and conference hall.

08

Deck 29

Banking, prayer areas and flexible future-use spaces.

09

Upper / Special Experiences

Observation, aviation, open spaces and future attractions.

10

General Arrangement

View or download the master general-arrangement material.

6. Healthcare Page

01
Healthcare Hero
World-Class Care. Anywhere at Sea.

02
Healthcare Infrastructure Overview
Introduce the planned healthcare ecosystem and total facility structure.

03
Super Specialty Hospital
Cardiology, neurosciences, oncology, orthopaedics, transplant support, diagnostics and critical care.

04
Multi-Specialty Hospital
Emergency, general medicine, pediatrics, obstetrics, surgery, outpatient care, labs and rehabilitation.

05
Emergency & Trauma
24/7 emergency-readiness concept and rapid-access systems.

06
Advanced Diagnostics
Imaging, laboratories and technology-enabled diagnostics.

07
Telemedicine
International consultation and connected-care vision.

08
Preventive Healthcare
Screening, wellness and preventive programs.

09
Rehabilitation
Physiotherapy and recovery services.

10
Wellness Integration
Connect medical care with fitness, spa and healthy-living programs.

11
Medical Tourism Vision
Position the healthcare ecosystem for international visitors where legally and operationally feasible.

12
24/7 Healthcare Ecosystem
Closing overview of continuous care for residents, guests and crew.

7. Entertainment & Experiences Page

01
Experience Hero
A high-energy cinematic introduction to entertainment at sea.

02
Entertainment at a Glance
Quick visual map of the major entertainment categories.

03
Casino & Gaming
Gaming floors, VIP rooms, poker/tournament halls and lounges, subject to licensing.

04
Grand Theatres
Large-scale performing arts and production venues.

05
Night Clubs
Premium nightlife and live entertainment.

06
Bars & Lounges
Sky bars, cocktail lounges, ocean-view spaces and members' areas.

07
Live Shows & Concerts
Concerts, productions, award events and cultural performances.

08
Party & Event Spaces
Weddings, corporate events, galas and private celebrations.

09
Waterparks & Pools
Water attractions, infinity pools and leisure spaces.

10
Dolphin Pool / Fountain Concept
Present as a concept experience and ensure future animal-welfare/regulatory review.

11
Space Observation Telescope
Astronomy and education experience with technical specifications clearly labelled as proposed.

12
Open-Air Theatre
Outdoor cinema, live events and sports viewing.

13
Mega Yachts & Marine Experiences
Premium marine leisure and connectivity.

14
Experiences for Every Generation
Close with family, adult, cultural and educational experiences.

8. Business & Retail Page

01
Business Hero
Business Without Borders.

02
Global Commercial District
Introduce the city's business and commerce ecosystem.

03
Duty-Free at Sea
Premium retail district; legal/tax status must be qualified by applicable jurisdiction and voyage rules.

04
Luxury Retail
Fashion, watches, jewellery, beauty, technology and flagship stores.

05
Corporate Offices
Ocean-view office environments and corporate facilities.

06
Banking & Financial Services
Dedicated banking and professional-services infrastructure.

07
Business Centres
Meeting, executive and shared-work facilities.

08
Conference & Exhibition
Large-scale conference, exhibition and event infrastructure.

09
Startup & Innovation Spaces
Future-facing entrepreneurial and innovation environments.

10
International Trade Ecosystem
Position the city as a platform for commerce and global connections.

11
Hospitality & Business Travel
Premium stays, dining and services for business visitors.

12
Commercial Opportunity CTA
Lead to partnership or investment enquiry.

9. Technology Page

01
Technology Hero
The Intelligence Behind the City.

02
Smart City Architecture
High-level connected-city operating model.

03
AI Smart City Management
AI-assisted monitoring, planning and service optimization concepts.

04
IoT Infrastructure
Sensors and connected systems across buildings and city operations.

05
Digital Twin
A virtual model for planning, monitoring and maintenance.

06
Smart Security
Integrated access, surveillance and safety systems.

07
Autonomous Mobility
Future internal mobility and logistics concepts.

08
Aviation & eVTOL
Helipads, aircraft access and future eVTOL connectivity.

09
Smart Energy
Energy monitoring, generation integration and optimization.

10
Water Systems
Monitoring, recycling and efficient distribution.

11
Smart Residences
Connected living, access, comfort and service systems.

12
Predictive Maintenance
Data-driven infrastructure and maintenance planning.

13
Technology Roadmap
Separate current design intent from future or exploratory technologies.

10. Sustainability Page

01
Sustainability Hero
Designed for the Ocean. Built for the Future.

02
Sustainability Vision
Introduce environmental goals and responsible urban-design principles.

03
Renewable Energy
Planned renewable-energy integration and future generation options.

04
Energy Efficiency
Efficient systems, smart management and reduced consumption.

05
Water Recycling
Treatment, reuse and conservation strategy.

06
Waste Management
Collection, segregation, recycling and responsible disposal concepts.

07
Green Building Technology
Efficient materials, envelopes and building systems.

08
Nature Parks & Greenery
Urban green spaces and biophilic environments.

09
Sustainable Mobility
Efficient internal, marine and aviation mobility goals.

10
Responsible Ocean Operations
Environmental management for a city operating at sea.

11
SDG Alignment
Explain intended alignment with relevant Sustainable Development Goals without implying endorsement.

12
Environmental Roadmap
Clearly distinguish targets, planned systems and verified performance.

11. Global Journey Page

01
Journey Hero
A cinematic introduction to a city that travels.

02
A City That Travels
Explain the continuous global-voyage concept.

03
Interactive World Map
Visualize proposed regions and routes without presenting unconfirmed routes as final.

04
Proposed Global Regions
Introduce potential geographic areas and experiences.

05
Port & Shore Connectivity
How residents and visitors could connect with destinations.

06
Aircraft / eVTOL Connectivity
Air access concepts for rapid transport.

07
Marine Transportation
Tender, yacht and support-vessel connectivity.

08
Life Across Continents
Lifestyle story around changing destinations and horizons.

09
Global Cultural Experiences
Food, art, events and cultural programming inspired by global travel.

10
Journey CTA
Lead back to Life at Sea or Explore the City.

12. Investment Page

01
Investment Hero
Invest in the Future of Urban Life at Sea.

02
The Opportunity
Concise explanation of the development and commercial opportunity.

03
Project Vision & Scale
Verified project scale and planned urban ecosystem.

04
Development Model
Explain proposed development structure and phases.

05
Residential Economy
Accommodation and long-term living ecosystem.

06
Retail & Duty-Free Economy
Retail opportunity with appropriate legal qualification.

07
Hospitality & Tourism
Accommodation, dining, experiences and visitor economy.

08
Business & Commercial Economy
Offices, conferences, trade and professional services.

09
Entertainment Economy
Theatres, events, clubs and attractions.

10
Healthcare & Education
Social infrastructure and potential economic ecosystem.

11
Development Phases
Clear timeline of design, validation, approvals, funding and construction stages.

12
Funding Strategy
Explain fundraising phases without implying guaranteed returns.

13
Strategic Partnerships
Marine, technology, infrastructure, hospitality and institutional partnership opportunities.

14
Investor Resources
Project documents, presentations and controlled access to deeper materials.

15

Investor Enquiry

Professional form and direct contact pathway.

13. Contact Page

01
Contact Hero
Connect With Floating City Limited.

02
General Enquiry
General questions and project information.

03
Investor Enquiry
Dedicated route for qualified investment discussions.

04
Business & Partnership Enquiry
Suppliers, operators, brands and strategic partners.

05
Media Enquiry
Press and communications contact.

06
Company Information
Floating City Limited corporate details.

07
London Contact / Office
Present the current official business address and contact information.

08
Contact Form
Simple, premium form with enquiry type and consent fields.

09
Digital Channels
Website, email and approved social/contact channels.

14. Global Design & Content Rules

Use this system consistently across every page so the website feels like one premium digital product rather than a collection of separate promotional posters.

01

Color rhythm

White / Ice Blue for information; Deep Ocean Blue for cinematic storytelling; full-bleed image/video for emotional moments. Sky Blue and Light Aqua are accents, not dominant backgrounds.

02

Typography

Use large editorial headings, restrained body copy, generous whitespace and consistent hierarchy. Avoid excessive all-caps outside short labels and hero statements.

03

Navigation

Keep the main navbar concise: Home, Discover, Life at Sea, Decks, Technology, Sustainability, Investment, Contact. Use Discover as a dropdown for secondary destinations.

04

Imagery

Prioritize realistic, cinematic ship imagery, architecture, ocean environments and human-scale lifestyle scenes. Keep lighting and color treatment consistent with the brand palette.

05

Master data source

Maintain one master specification dataset for dimensions, capacities, deck areas and facility names. Every page should pull from the same approved source.

06

Claims & compliance

Qualify conceptual or future features. Verify dimensions, capacities, 'world's first/largest' claims, duty-free status, gaming, healthcare, aviation, environmental performance and other regulated claims before publication.

07

Responsive behavior

Preserve the cinematic experience on desktop while using fluid type, responsive spacing and intelligent image/video cropping on tablets and mobile.

08

Primary visitor journey

Discover -> Understand -> Imagine Living There -> Explore the City -> Understand Technology & Sustainability -> Explore Business/Investment -> Contact.

Recommended brand palette	Deep Ocean Blue #0D3B66 | Sky Blue #00AEEF | Light Aqua #4FC3F7 | Ice Blue #E6F4FF | Slate Blue #1B2E4B | White #FFFFFF
